Section 8. Preceptor and Academy Lead Instructor

a.) An employee assigned as a Preceptor shall be given an

increase of ten (10%) percent above the employee's regular hourly rate for the duration of the precepting.

b.) An employee assigned as an Academy Lead Instructor shall be given an increase of five percent (5%) above the employee's regular hourly rate for the duration of the academy.

Article 34. Time Records

Section 1. The Captain on duty shall maintain and sign the Daily log indicating thereon the exact hours worked by him/her and the employee's crew. The City reserves the right to request any additional information on the log as it deems necessary.

Article 35. Overtime Pay, Call-Out Pay, and Comp Time

Section 1. An employee having been directed by the employee's supervisor to work beyond the employee's regular work shift shall be paid at the rate of two times the hourly rate (2X) for such time worked.

Section 2. All overtime, call-out, call back (unscheduled overtime) and comp time shall accrue and be paid in six (6) minute increments.

Section 3. Employees having been called out on emergency, call back (unscheduled overtime) or to any mandatory special meeting authorized by the Department Head shall be paid at the rate of two times the hourly rate (2X) and shall be paid for no less than two (2) hours at two times the hourly rate (2X) for any emergency call-out, call back (unscheduled overtime), or special meeting. Scheduled overtime will be paid at the rate of time and one half (1 1/2) the hourly rate. Emergency overtime pay shall cease at the beginning of their regular shift.

a) Work Out of Classification:

Temporary work assignments assigned by the City Manager to an established position of higher grade outside the bargaining unit shall be compensated as follows: If the assignment is for six (6) hours or more, employees who are appropriately directed in writing and who temporarily accept the responsibilities of a position/classification outside their bargaining unit at an hourly rate higher than their own shall be paid at the lowest step in the higher position which will provide at least a one (1) step increase for all time worked in the higher position. This section shall not apply to employees who request and are granted the opportunity to train and improve their effectiveness at a higher classification.

Section 4. Comp time

a. Because the work load of some functions fluctuates both within and beyond the payroll periods, employees may accumulate Comp Time rather than be paid overtime. The purpose of Comp Time is to allow employees to take paid time off in conjunction with work load lows rather than be paid at the overtime rate during workload peaks.

b. To accumulate Comp Time, employees may volunteer and the supervisor may allow the employee to accept time off rather than overtime pay. This Comp Time will be accumulated at the contractual rate earned. (If the payment for overtime is at the one and one-half time rate then the employee shall get one and one-half times of Comp Time for each hour of overtime worked. If overtime is at a double time rate then the Comp Time will be at the double time rate). No employee will be required to accumulate Comp Time rather than be paid at the overtime rate.

c. To use Comp Time employees must schedule their absence from work with their supervisor five working days in advance of the absence. Such absences will normally be scheduled when, based on the workload, manpower, or other recognizable needs, it will not place a hardship on the City or other employees.

d. Compensatory time off may accumulate to a maximum of eighty (80) Hours. Comp Time accumulation and usage will be reported to the Finance Department by appropriate coding on the bi-weekly time cards. Comp Time balances will be reported to the employees on the paycheck stub in the same manner as vacation and sick leave hours are reported. If an employee accumulates and uses the same number of Comp Time hours within a pay period, the records may not show on the paycheck stub.

e. No employee may have an accumulated balance of Comp Time exceeding eighty (80) hours at the end of any pay period. Employees may not have a deficit Comp Time balance. Whenever an employee requests comp time in lieu of overtime and such comp time accrual would exceed eighty (80) hours the employee must be paid at the applicable overtime rate for all hours above eighty (80) that would otherwise be in the employee's comp time accrual balance.

f. Whenever an employee separates from City employment any unused Comp Time will be paid at a straight time hourly salary rate.

Section 5. This article shall not apply to schooling or training sessions.
